6. ACCIDENTAL I	RELEASE MEASURES			
A.Personal pre	cautions, protective equipment and emer	gency proce	lures	
- Remove all flammable sources				
- If it is	not dangerous, stop leaking.			
- Take caution of substances and conditions that should be avoided.				
- Ventilate properly.				
- DO NOT touch the effluents or walk around the area.				
- Prevent producing dust.				

B. Environmental precautions

- -Prevent runoff and contact with waterways, drains or sewers.
- If large amounts have been spilled, inform the relevant authorities.

C. Methods and materials for containment and cleaning up

- Large spill : Stay upwind and keep out of low areas. Dike for later disposal.

- Notify the central and local government if the emission reach the standard threshold.

- Disposal of waste shall be in compliance with the Wastes Control Act
- Appropriate container for disposal of spilled material collected.

- Small leak: sand or other non-combustible material, please let use absorption.

- Wipe off the solvent.

- Dike for later disposal.

- Prevent the influx to waterways, sewers, basements or confined spaces.

- Spilled material should be treated as a potential risk of waste collected.

7. HANDLING AND STORAGE

A. Precautions for safe handling

- Wash thoroughly after use.

- Dispose of the waste in accordance with all national laws and regulations

14. TRANSPORT INFORMATION

A.UN No. (IMDG CODE/IATA DGR)

B. Proper shipping name

C.Hazard Class

D. IMDG CODE/IATA DGR Packing group

E.Marine pollutant

: Not applicable

: Not applicable

- : Not applicable
- : Not applicable
 - : Not applicable
- F.Special precautions for user related to transport or transportation measures

- Local transport follows in accordance with Dangerous goods Safety Management Law.

- Package and transport follow in accordance with Department of Transportation (DOT) and other regulatory agency requirements.

- Air transport(IATA): Not subject to IATA regulations.

15. REGULATORY INFORMATION

A. National and/or international regulatory information
1) POPs Management Law : Not regulated
2) Information of EU Classification
Classification Sot applicable
3) U.S. Federal regulations
• OSHA PROCESS SAFETY (29CFR1910.119) : Not regulated
• CERCLA Section 103 (40CFR302.4) : Not regulated
• EPCRA Section 302 (40CFR355.30) : Not regulated
• EPCRA Section 304 (40CFR355.40) : Not regulated
